<b>1 J2SE 1.4 Beta2 only</b>	<b>2</b>
<b>2 JDK 1.4.beta2 and J2EE 1.3 beta2 official packages only</b>	<b>3</b>
<b>3 jdk 1.4 beta2 and J2EE 1.2.1</b>	<b>4</b>

I wanted at one point to make a diagram that shows all the Java framework packages and their relationship. I think I spend 2-3 days working on this full time.

These diagrams are hard to see since I did them for large paper size and for printing, I think I used 11x17 paper size in VISIO.

Here they are. (I still have the original VISIO files)
